Background information

Krishna lives with her mother (Eve Beatrice) and her half-sisters (Deva Esther and Sara Emmanuela) and her half-brother (Jepthé Samuel) in Ca-ira.

Krishna's father abandoned her mother when she was pregnant with Krishna.

Her mother took care of her alone at first, but she met a man who she gave birth to three children. This man has always taken care of the whole family. He fell ill and lost his job. Mother also does not work because she cannot find work.

Mother says it's not that she doesn't want to work, but because she can't find work, which makes it difficult to take care of the four children. She very much hopes that someone will sponsor her eldest daughter because she loves school so much.
